PRICE LIST

OF THE CELEBRATED

★ ROGERS & BRO., A-1,

ELECTRO SILVER PLATED

SPOONS, FORKS, KNIVES, ETC.,

MANUFACTURED BY

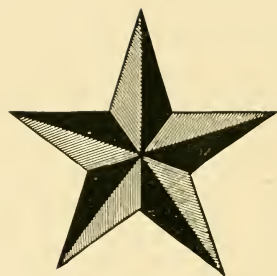

ROGERS & BROTHER,

WATERBURY, CONN.,

AND

NEW YORK.

1892.

TO THE TRADE.

IN presenting a new and revised Price List
of the

★ ROGERS & BRO., A-1

goods, it is proper to say, that they are the ORIGINAL and GENUINE ROGERS' goods, which for half a century have maintained the highest reputation for quality, workmanship and style, and made the name of "ROGERS" on Electro Silver Plate celebrated.

So well had the quality of this brand become known to the public throughout the world, that purchasers called for ROGERS' goods, and would take no other. This condition of things has brought into the market during the past few years, a number of so-called ROGERS' STAMPS, used for the purpose of reaping a benefit from the universal demand for the ★ ROGERS & BRO. A-1 goods. Not only has our brand been closely imitated, but the patterns, style of packing, color of the paper, and the labels, have been copied.

Purchasers, therefore, to secure the GENUINE ROGERS' goods should examine the brand carefully, and insist upon getting those bearing our Trade Mark,

★ ROGERS & BRO., A-1.

The Star Brand.

All goods stamped

★ ROGERS & BRO., A-1,

are made of the finest quality Nickel Silver, are heavily plated with pure Silver, carefully weighed before and after plating, and are guaranteed in every way. The different grades of Plate are designated by the Stamp upon the back of each article, as follows :

EXTRA PLATE.

(Plated twenty per cent. heavier than the usual standard.)

Tea Spoons,	}	★ ROGERS & BRO., A-1.
Dessert Spoons and Dessert Forks,		
Table Spoons and Medium Forks,		

SECTIONAL PLATE.

Tea Spoons,	}	★ ROGERS & BRO., A-1, XII.
Dessert Spoons and Dessert Forks,		
Table Spoons and Medium Forks,		

TRIPLE PLATE.

Tea Spoons,	★ ROGERS & BRO., A-1, 6.
Dessert Spoons and Dessert Forks,	★ ROGERS & BRO., A-1, 9.
Table Spoons and Medium Forks,	★ ROGERS & BRO., A-1, 12.

DOUBLE PLATE.

This quality of Plate having been superseded by SECTIONAL or XII PLATE, is not carried in stock, but can be furnished to order when desired.

Long experience, highly skilled workmen, valuable patented machinery and ample facilities, enable us to produce goods of the highest class at the lowest prices consistent with the *best* quality.

Attention is called to the beauty and variety of patterns offered, to which are frequently added new designs. The SAVOY and TUXEDO are the latest, and conceded to be the handsomest patterns ever made in Electro Silver Plate.

The "WINDSOR," first introduced by us, is par excellence still the pattern for Hotel, Steamship, Restaurant and Club use.

To supply the demand for cheaper goods, we have made the leading articles in a pattern named the "SAVARIN," which is similar to the WINDSOR, but lighter in weight, yet of the best quality; prices same as TIPPED.

Sectional Plate, XII.

This valuable process is no untried experiment, but has been used for the past twenty years, and has proved all that was ever claimed for it. The articles are first plated a Triple Plate on all the parts most exposed to wear, after which the whole is plated the regular Extra or Triple Plate, as desired, over the XII plating.

The illustration shows the appearance of the goods after the XII Plate has been deposited. When the final coat of silver is plated on, and the article burnished, the appearance is exactly the same as goods plated in the ordinary way.

The additional cost of this process over the List Prices of either Extra or Triple Plate, is as follows :

	Per Doz.
Tea Spoons,	\$0 75
Dessert Spoons and Forks,	1 13
Table Spoons and Medium Forks,	1 50

XII Plate is put *only* upon the Forks and Spoons above mentioned. Fancy pieces are *not* plated XII. XII TRIPLE Plate is furnished to order only.

HEAVY SPRING TEMPERED SHANK.

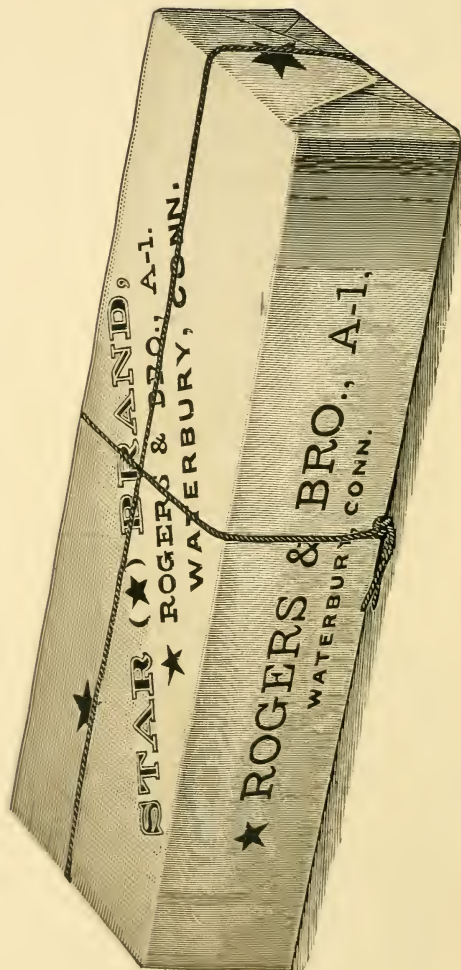

By this patented device the weight of metal is distributed, making the article strong where required, without rendering the whole heavy and clumsy.

Packages, Labels and Brands.

In order that dealers may readily distinguish the genuine ★ ROGERS & BRO., A-1 goods, the styles of packages, labels and brands are illustrated. If ordering of a Jobber, specify the brand in full, as above given, for there are some Jobbers who put in the imitations where this brand is not distinctly ordered, or where only "Rogers' goods" are called for.

WE DESIRE TO EMPHASIZE OUR TRADE MARK ON FLAT WARE:

★ ROGERS & BRO., A-1,

AND TO CALL PARTICULAR ATTENTION TO THE STAR IN THE TRADE MARK AS AN IMPORTANT DISTINGUISHING FEATURE OF OUR GOODS. WE ARE COMPELLED TO DO THIS, FOR THE REASON THAT ALTHOUGH WE ARE THE OLDEST MANUFACTURERS OF ROGERS' GOODS, INNUMERABLE AND DANGEROUS COUNTERFEITS HAVE APPEARED, NOT ONLY OF THE TRADE MARK, BUT OF THE STYLE IN WHICH THE GENUINE ROGERS' GOODS ARE PUT UP; THEREFORE, INSIST ON HAVING THE "STAR" BRAND.

THE ABOVE CARD IS ENCLOSED IN EVERY PACKAGE.

Table Cutlery.

WE invite the attention of the trade to our complete line of TABLE CUTLERY, consisting of SOLID STEEL: ALL STEEL, HOLLOW HANDLED, and NICKEL SILVER, HOLLOW HANDLED.

SOLID STEEL.

The No. 12 Solid Steel Knives are, par excellence, THE KNIFE FOR THE PEOPLE, as evidenced by their enormous sale. Some manufacturers have endeavored to discredit these goods by making and selling an inferior article. Those bearing our Trade Mark

★ ROGERS & BRO. 12.
WATERBURY, CONN.

are made only in the best quality of the finest grade of Forged Steel, and plated with 12 dwts. of pure silver on every dozen.

We have recently made in these goods a NEW SHAPED HANDLE WITH ROUNDED ENDS, which has met with general approval.

THE NICKEL SILVER FORK.

We call special attention to our NEW No. 12 Nickel Silver FORK, made to match the NEW ROUND END No. 12 Solid Steel KNIFE.

This Fork, being made of Nickel Silver, is a very much better article in every way than the OLD No. 12 Steel Fork; is handsomely finished and heavily plated. We recommend it with confidence to the trade.

ALL STEEL, HOLLOW HANDLED.

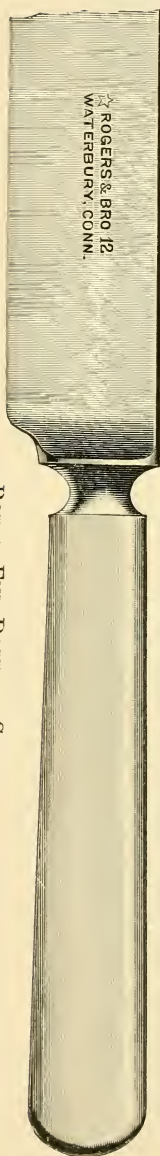

The No. 47 ALL STEEL Hollow Handled Knife is the result of many years of effort to produce an article light in weight, comfortable to handle, and yet moderate in price. This Knife is specially adapted for the use of Hotels, Restaurants, Clubs, etc.; is plated 12 dwts. of pure silver, and warranted to give satisfaction.

NICKEL SILVER, HOLLOW HANDLED.

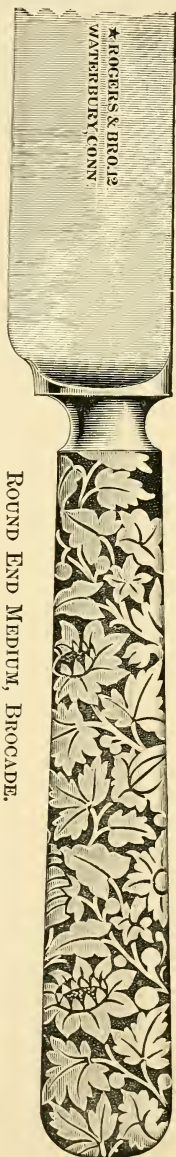

These Knives are made of extra quality fine tempered Forged Steel Blades, Nickel Silver Handles Silver Soldered; are invariably plated the heaviest grade with pure silver, and are recommended not only as the best in style and quality—but all things considered—the most economical Knife for general use.

Star Polishing Fluid.

Star Polishing Fluid.

AN unexcelled POLISH for cleaning Silver, Electro Plate, Nickel, Brass, or any smooth metallic surface, Marble, Statuary, Mirrors, Glass, etc.

Nearly all the quick cleaning fluids on the market are composed of chalk, and strong poisonous alkali, injurious to the goods and dangerous to life.

This POLISH is a vegetable compound that does not contain grit, cyanide, poisonous alkali, nor any ingredient detrimental to highly polished metals.

We confidently recommend this article to the trade, as it has been tested by several of our most prominent Jewelers, who give it their unqualified approval.

The trade are invited to try this POLISH, and thereby satisfy themselves as to its merits.

Handsomely put up in 8 ounce Bottles, and packed One Dozen in a Case.

Price \$3.00 per dozen, subject to Hollow Ware discount.

The STAR POLISHING FLUID, per bottle containing 8 ounces, is sold retail at 25 cents—the same price as other cleaning compounds which contain only half the quantity.
